Hybrid CADD Training™

A Combination of e-training and
Instructor-led training for:

Autodesk, Bentley, Carlson and SiteOps

Benefits of Hybrid CADD Training™

- Learn which staff is self-motivated.
- **e-training classes** can be taken at work or at home.
- **Instructor-led training** can be accomplished on-line, in our classrooms or in your office.
- Most **cost-efficient** method of training staff.
- **CEUs/PDHs** offered upon completion
- **No IT Impact**— we can provide our mobile lab with all software fully installed for your class.

Hybrid CADD Training™ solves all of your technical training needs by including a blend of self-paced, online training classes with instructor-led classes into a single package.

This program was developed specifically for the Civil Engineering, Surveying, Construction and Mining industries by Harry O. Ward, PE, **“Outstanding Professor of the Year for 2010”** by George Mason University (GMU).

Instructor-led sessions are taught by expert, manufacturer authorized, licensed engineers.

TRAINING SUBSCRIPTION BUNDLES

Harken-Reidar has developed a training program track that can be purchased in units of 5 classes at a time. Use them during the year and obtain **Continuing Education Units (CEUs/PDHs)** toward your licenses. Discounted training bundles will save you money.

Commence with e-learning and as the staff completes their sessions, they can advance to instructor-led classes. Or place beginners in the e-training and advanced staff in the instructor-led sessions. Classes can be customized directly toward your workload.

**Nationally/Internationally experienced
Professional educators, professional engineers
Authors, lecturers, practitioners**

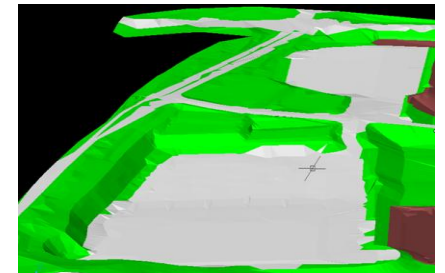

AN EXCELLENT EDUCATIONAL RESOURCE FOR YOUR ORGANIZATION!

Call or visit us today at www.harken-reidar.com and let's discuss your training solution.

Self-paced, e-training

Harken-Reidar, Inc. offers internet-based training for AutoCAD & Civil 3D. We offer Distance Learning for Carlson, SiteOps, GEOPAK, InRoads and MicroStation.

Combine this with Instructor-Led Training

Harken-Reidar's industry experts offer classroom training, mobile labs, customized classes and Just-In-Time training.

**Harken-Reidar's Harry O. Ward, PE
On-Site in New York City on Civil 3D.**
